

# GRASS PROFİ

## GENERAL

- Cat. 2 three-point linkage;
- Seed drill as option;
- Standard with warning panels and lighting in the front.

## 2 OPERATIONS IN 1 PASS

- Levelling bars
- Harrow tines

### Levelling bars

The bars are spring suspended and height-adjustable, and are designed to even out irregularities in grassland.

### Harrow tines

Two rows of heavy-duty (12 mm) harrow tines for sward treatment:

- Remove weeds
- Comb out the fel-like layer of dead grasses and remove it from the sward
- Encourage soil life
- Promote growth of the existing sward
- Create a seedbed

In aggressiveness adjustable harrow

(614160) Grass Profı GPG for both front and rear linkage
